Full Set Lash Extensions

Are you fed up with long and tedious morning routines? You might be standing in front of your bathroom mirror applying coat after coat of
mascara, trying to perfect your lashes and get yourself ready for your busy day.

Or for those of you who are vision impaired, you might not even be able to see your lashes to start working on them.

Do you simply want to look beautiful without all the hassle?

Well, eyelash extensions might just be the answer for you. Ditch the feeling of lack-lustre lashes and opt for eyelash extensions in Melbourne that complete your overall look. Dazzle and ignite your confidence with a highly tailored service that applies each lash individually to your top lash line. Expertly installed by a specialist Ardour Artist, this is the ultimate way to define and shape your features giving you a natural everyday feel and look.

How Long Do They Last?

This depends on your natural eyelash growth cycle and how well you look after them. Typically, you can expect a full-set to last between 2-3 weeks before needing a refill. If you want to know exactly how often you should come in to maintain your new look, our friendly Ardour Artist will give recommendations so you can always look and feel your best!
